SECOND REQUEST FOR CERTIFICATE OF CORRECTION

Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

It is requested that a Certificate of Correction be issued in the above-entitled patent in accordance with the accompanying form PTO 1050. Please make the following changes:

ON THE FACE OF THE PATENT

(75) Toshiyuki Takai, "Sendai" --Miyagi-- (JP)

IN THE CLAIMS

Col. 19, claim 2, line 28

The transgenic mouse model of claim 1, wherein the homozygous disruption in the DAP12 gene can be "should read pheonotypically" --phenotypically-- exhibited as a myelinogenesis developmental disorder.

Col. 20, claim 5, lines 25 and 27

The transgenic mouse model of claim 1, "weherein" --wherein-- the expression of myelin basic protein in the brain is weak in regions where DAP "space" 12 is strongly expressed in wild-type mice.

REMARKS

The requested changes do not constitute new matter and this application does not require re-examination. A completed Form PTO 1050 is enclosed. In the correction to claim 5, line 27, Applicant is requesting that the Office delete the space between "DAP" and "12." Therefore, the compound should read as "DAP12" as written on the attached Certificate of Correction

The errors to be corrected in this second Request are the Patent Office errors and not the Applicants' errors, therefore, no fee is deemed necessary. The Commissioner is also authorized to charge any additional fees or credit any overpayments to Deposit Account No. 50-0320.

Respectfully submitted,
FROMMER LAWRENCE & HAUG LLP
